## TOWN OF HOISINGTON WRECKED BY STORM

Nearly Every Building On  
Main Street Destroyed,  
Three Killed.

Hosington, Kansas, Oct. 8.—Two persons were killed and twenty-five injured, some of them seriously, and property damage estimated at a quarter of a million dollars resulted when a tornado struck here late today and swept a path of destruction several blocks wide through the business and residence sections of the town.

The dead are Mrs. George H. Cravens and infant daughter. The seriously injured are J. M. Rearick, Libeau Martinez and wife, Juana Hardy and the four-year-old daughter of Mr. and Mrs. Geo. H. Cravens.

The tornado apparently formed about two miles southwest of Hosington, and was preceded by a terrific hail and rain storm. Persons who saw the storm form say it spread when it struck a group of trees southwest of Hosington. From the south part of the city, where the tornado first struck the railroad Y. M. C. A., nearly demolishing it, it swept and then east through the residence section.

## ST. LOUIS LIVE STOCK MARKET

National Stock Yards, Illinois, October 7, 1919.

**CATTLE**—The fat steer trade which prior to this week was in very drabby condition, has been more active the present week and a general advance of 25 to 40 cents has been scored, this featuring all classes and even the heavy feeders where they have flesh enough to develop pecker competition also scored the advance. Stocker stuff, however, shows no substantial improvement; neither does canners, mixed stuff or butcher cattle which continue to sell at prices in effect at the close of last week.

Beef steers \$8 to \$17.25; stockers and feeders \$7 to \$11; light butcher cattle \$7 to \$17; beef cows \$7.50 to \$11; canners and cutters \$5.25 to \$7; stock cows and heifers \$6 to \$7.50; fat bulls \$8.50 to \$10; sausage bulls \$5.50 to \$7.50.

**HOGS**—this trade takes a definite turn for the worse today. Early in the season a few sales of choice butcher hogs were made to city butchers 40 to 50 cents lower than yesterday's best time; top \$16.50 for one load, but at the finish the market was \$1.00 lower than yesterday's best time, extreme top \$15.50, and the prospects were for a big supply to be carried over for sale tomorrow. Comparing the present trade with the extreme high time a week ago today, there is a loss of \$1.40 per hundred, and against the high time of the market the latter part of July, there has been a sheer drop of \$7.65 per hundred in the market.

Bulk of the good hogs 170 pounds and up selling at \$15.75 to \$15.90; plain and mixed hogs \$15 to \$15.50 choice 120 to 150 pound pigs \$14.75 to \$15.25; light pigs \$10 to \$14; roughs \$14 to \$14.25; stags \$15.

**SHEEP**—Today the extreme top on lambs is \$15.50. This was a packer sale and a week ago the same buyers insisted on like quality at 14.75; this shows a net advance of 75 cents per hundred, though a week ago city butchers were buying lambs at \$15 to \$15.25. No material change can be noted in the market for sheep, which continue bringing a top of \$7 for fat kinds.

Bulk of the medium to good lambs \$14.75 to \$15.25; culls \$6 to \$8; fat sheep \$7; choppers and bucks \$5; canners \$2.50 to \$3; goats \$4.50 to \$5.50.
